

April 5, 2021 Genesis 3 Female ("G3F" for short) is DAZ's third TriAx Weightmapped model and seventh generation female action figure from DAZ3D. The G3F can be seen as a continuation of the evolution of the TriAx Weightmapped series. It is equipped with two support legs, which gives it the possibility of a more stable position when moving. In addition, thanks to this, it does not slip like previous models. The model can also be used as a stand, which makes it a very convenient tool for demonstration. It is also lighter than previous models. The G3F comes in red, grey, and orange.
